Dear Friend,

If you're looking for a way to dramatically increase your bank account quickly, easily, and most importantly automatically, then you're going to want to hear about these 4 tools that take the hard work out of your online success.

Alone, each one is a powerful weapon to flood your bank account with more cash. Together they are your ultimate weapon to gaining success on autopilot… because they do everything you need, including:

- **Creating your websites** with thousands of keyword-rich pages to deluge your website with free search engine traffic.
- **Getting your visitors to come** and read tons of fresh content you didn't have to spend a dime on or hours of your time to get,
- **Generating a steady stream of ad revenue** with always changing ads search engines love,
- **And getting your web pages in the search engines**, sometimes in mere hours, so you can profit quickly from your sites (you won't have to wait months to profit)!

The bottom line is… each one lets you use your computer to do the work for you to make money. This means, even if you consider yourself to be the laziest person in the world, you can make money on the internet using these 4 tools.

…And if you're a go-getter, then you could potentially add two or three digits to your normal income!

Let's talk about what each one gives you if you use it alone and what they are able to do together....

Sincerely,
Jeff Alderson

Tool # 1: Traffic Equalizer - Create Your Websites Fast with Targeted Keywords for Maximum Search Engine Traffic and Sales!

If you want to make money from the web, then you're going to need traffic… but, you have a problem.

How do you get enough sustaining traffic to your website if you don't have thousands of dollars to spend on advertising or search engine optimization to compete with the big guys in your market?

Well, with Traffic Equalizer you are now able to create an equal playing field with nearly all of your competitors to get loads of free traffic from the search engines on an ongoing basis!

You won't have to struggle to create an endless amount of content to get good search engine rankings… or spend all your income on advertising.

Instead, it takes care of all the hard work of creating your web pages for you!

Traffic Equalizer works in three easy steps:

1. You import a list of keywords (or let traffic equalizer do this for you).
2. You fill in a little bit of easy information.
3. And the program automatically creates thousands of optimized pages for the search engines to devour!

Then, you can have thousands of web pages for your websites, just like your top competitors…

And your website has a fresh supply of targeted visitors, who are ready to buy, pouring in every single day!

Just visit: http://www.TrafficEqualizer.com to make this tool work for you!

Tie-In Hint: You can use Traffic Equalizer to create your web sites in mere hours. Then, use the other tools to help create great content for these sites, generate revenue, and get them into the search engines in as little time as possible. Once you've uncovered the details of Traffic Equalizer, let's learn how the other tools in the library help make your new sites even more profitable…

Tool # 2: Article Equalizer – Get Fresh Content For Your Websites Your Visitors and Search Engines Love!

If you're serious about building an everlasting web-presence, then you need great content for your website visitors to enjoy!

Article Equalizer allows you to get hundreds, possibly thousands, of fresh articles targeted for your market to pop-up on your website in mere minutes!

This not only gives your visitors a reason to return to your website, but it also gives you a nice additional stream of free, targeted, search engine traffic because they love the fresh, high-quality content!

It works simply by tapping popular article databases that have targeted articles for every market imaginable you can reprint for free.

Tie-In Hint: Article Equalizer is a great companion to Traffic Equalizer because it allows you to include hard-hitting content to your sites. This means that you get increased revenue because those visitors who hit your content-filled pages are going to stay longer to read the content and click on more of your ads or links to other pages.

This tool is a very quick and easy way to add extra cash to your website revenue.

Tool # 3: CB Maximizer – Effortlessly Generate Revenue From Your Sites!

Once you've got your web pages, then you need an effective way to make revenue from them.

CB Maximizer gives you an income stream you can input into your thousands of pages for a constant flow of income, and, at the same time….

Gives you freshly updated content ads so the search engines input your pages faster!

It works by harnessing the power of Clickbank.com (to give you up to 75% of the sales you generate) and the proven formula of text (or all type) ads that you imbed alongside your content.

Note: If you're unfamiliar with clickbank.com, here's a quick rundown:

Clickbank.com is a 3rd party solution that pairs up webmasters with product creators. Then, for every product you sell, you get a commission (up to 75%). This could mean that for every visitor who clicks on your ads, you are generating dollars in revenue instead of mere cents you get with Google AdSense or other providers that pay you per click.

Plus, a huge added feature of CB Maximizer is that you are able to change the color, the text type, and the number of ads to have them blend in with your content. This means a large amount of extra cash because your visitors are more likely to click on your ads.

To learn more about CB Maximizer visit http://www.CBMaximizer.com.

Tie-In Hint: Use CB Maximizer on all of your thousands of Traffic Equalizer and Article Equalizer web pages to generate a constant stream of revenue from them. It is more profitable than your other options because the ads are search engine friendly, and the ads are fully customizable to blend in with your site!

Tool # 4: Blogging Equalizer – Get Your Web Pages Indexed Into the Search Engines In the Fastest Time Possible!

After you've got your web pages up, then you would normally have to wait, sometimes months, before your work fully pays off with gobs and gobs of free search engine traffic.

That's why Blogging Equalizer was created. It uses the power of the amazing "Blog and Ping" technique to get your new pages into the search engines as quickly as possible… sometimes your first few will get indexed in a few hours!

This means you won't have to wait more than a couple of weeks before your websites are pulling their full load of search engine traffic that is possible.

Blogging Equalizer is your surefire way to make your new websites start paying off almost immediately… and if you've got an old site, you can give it a nice jump-start to make it run up to full speed again with the search engines.

Go ahead and learn more about Blogging Equalizer by visiting:

http://www.BloggingEqualizer.com

Tie-In Hint: Use Blogging Equalizer on your pages created with Traffic Equalizer to get them indexed as quickly as possible... and, as a result, cash-in the shortest time possible.

Now that we've covered all 4 tool let's recap how they all work together:

1. Traffic Equalizer builds your web pages for the search engines.
2. Article Equalizer gives you high-quality added content to add to the websites you've created with Traffic Equalizer.
3. CB Maximizer gives you a revenue stream to input on your web pages.
4. And Blogging Equalizer gets your web pages indexed as quickly as possible, so you can make your sites pay-off in the shortest time possible.

Simply put, with these 4 tools on your side, you are now able to let your computer do the work it takes to build successful, profitable websites, running on autopilot from FREE search engine traffic.

And after putting them all to use you will have your own personal internet empire!
